Fine feathers do not make fine birds,
Said one well versed in lore,
That may be true, but it depends
On what you want them for.
They may not be as good to eat
As some of diller winks,
But if you wish to trim a hat
You'll find them just the thing.

FETED AT WASHINGTON

Miss Roberta Cox and Mrs. South Given Round of Honors—At White House Reception

Mrs. Daisy Fitzhugh Ayres Washington Correspondent Courier-Journal.

By long odds the most feted Kentuckians in Washington for a week have been that brace of Frankfort beauties, Mrs. John G. South and Miss Roberta Stockton Cox, here for the celebration of the battleship sponsors. They stopped at the Willard and every single hour almost of their stay was marked by some gay social engagement. Senator Paynter gave the young ladies a luncheon in the Senate cafe of the Capitol with Senator Guggenheim, one of the richest men in America, as a guest; Mr. James Hervey Dorman, formerly of Frankfort, entertained at dinner in their honor in the palm room of the Willard.

Former Congressman South Trimble gave a box party to them at which some of the guests were Mr. John C. C. Mayo, of Paintsville; Mr. Dorman, Representative Slemph, of Big Stone Gap. Mr. Mayo was host at supper at the New Willard in compliment to the Frankfort ladies. Representative Slemph gave them a luncheon at the Capitol. They were present at an afternoon tea given by the wife and daughter of Senator Frazier in compliment to the battleship sponsors, and at the reception at the White House, as well as at a theater party Wednesday night, given by Miss Mary Campbell, of Birmingham, sponsor for the Alabama, to see Fritz Schaff in "Mlle Modiste." They were belles at the students' ball at the New Willard on Friday night and on two consecutive Saturdays they attended brilliant balls at the Naval Academy at Annapolis. And all this is a more beginning. Their telephone was seldom silent, so greatly in demand have been these two most attractive young women from the most attractive state.

During the past few weeks there have been three Maysville girls at White House receptions, Miss Roberta Cox, Miss Eda Biggers and Miss Ellen Kirk.

NIGHT RIDERS IN BRACKEN

Start to Whip Tobacco Buyer, but Are Prevailed Upon to Let Him Go

AUGUSTA, Ky., Feb. 22.—Night riders appeared at Berlin and took Paul Kautz, whose home is at Boudin-Ferry, from his boarding-house and threatened to whip him. Lem Cum-

mins pleaded with them and they let Kautz off upon his agreeing not to buy any more tobacco.

They also talked of burning his tobacco, but Mr. Ellis, owner of the warehouse, persuaded them not to.

They then burned a few empty hogsheads and rolled a number of full ones down a hill. About a dozen telephone wires were cut. The men were not disguised in any way.

CARLEISLE, Ky., Feb. 22.—A tobacco barn belonging to Anhorn Smoot, a farmer and independent tobacco buyer living near Upper Blue Licks, was burned early Friday. Smoot recently purchased several crops and sold them at Maysville. Night riders are believed to have set fire to the barn.

THE OLD BOSS' INSTRUCTIONS BEFORE LEAVING ON HIS EASTERN JAUNT WERE

Make Prices That Will Sell the Goods, But GET the Money

Our \$9.50 Suit Sale has been a very popular one. We are going to continue it for a few days longer, and with the continuation we are going to add some suits that will make the public sit up and take notice. The suits marked \$9.50 that you see displayed in our East Window were never built to sell at even double that figure. Any one with only meager judgment can readily recognize the extraordinary values we are offering for that money.

On our Overcoats and other wear, if we please you the price will be a secondary condition. Come in and let us show you.

Andrew Carnegie will give \$60,000 for the construction of library buildings at the two State Normal Schools if the Legislature will make appropriations in accordance with his requirements.

Midwinter Clearance Sale of Leggings and Robes

We must turn some of our stock into money. Now is your opportunity. Our large and assorted line of Robes and Leggings to be sold at cost. We must make room for our spring goods, and besides we need the money. Your chance to profit by our necessity. We have always been known far and wide for the variety and beauty of the Robes we carry, and if you are needing a large, heavy, Carriage Robe, now is your time. Our line of Leggings is high in quality and low in price. This is legging season. Come in, and we are sure to please both your eye and pocket-book.

Mr. Walter Worthington was able to be out yesterday for the first time after a week's illness with mumps.

Mr. George Wood of West Third street was able to be out yesterday after a two weeks' tussle with the grip.

Maysville was well represented at Flomingsburg yesterday, the local L. and N. office having sold thirty tickets for that point. The squad must have lost several dollars in the town.

March 31 Ed Whittington will move his saloon from the corner of Market and Front to the stand now occupied by Joseph O'Donnell as a notion store, East side of Market between Second and Third streets.

NOMINATION

Both Parties Will Name Candidates For Representative This Afternoon

The political pot will be started to boiling this afternoon when both the Republicans and the Democrats will meet to nominate candidates for Representative in the Legislature to succeed the late Virgil McKnight.

The nominees cannot be picked for publication at this time, but it can be stated that the most desirable and representative men will be selected and that the race will be one of the warmest little fights ever witnessed in this section.

MILLS RESUMING

Cotton Factory and Ohio Valley Pulley Works Resume Operations—Revival of Business

The business depression that has hung like a pall over the entire country for many months, is gradually lifting its sable mantle, and instead of idle workshops the wheels of industry are beginning to go round and the ranks of the large army of unemployed are thinning out and the man with the dinner pail is coming more in evidence as spring approaches.

It is a consummation devoutly wished for, its advent brings hope and happiness into the homes of hundred of thousands where want, hunger and cheerless firesides predominated. That Maysville has escaped lightly during the trying times of the past four months—when contrasted with hardships endured by residents of less fortunate cities—is an undoubted fact, yet there has been suffering and want here, a few have needed aid and who were too proud to let their condition be known; others have been overlooked and in a sense neglected. Withal, we may be thankful that it has been as well with us as it has.

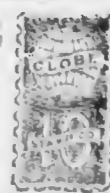

Yesterday morning the Cotton Factory started up, giving employment to a large number, the Pulley Factory also started, swelling the number of employed to large proportions.

The Board of Control of the Robertson County Society of Equity has filed injunction suits against Elijah Curtis, L. A. Ashbrook, Thomas Robinson and Arch Vanhook, all of the Kenton town precinct to prevent them from disposing of their 1907 crops of tobacco.

"Smokehouse" cigar best seller SMITH & Co. Mrs. Agnes Dickerson Northcutt died Sunday at the residence of her son-in-law, former Lieutenant Governor W. P. Thorne in Eminence of the infirmities due to old age. Mrs. Northcutt was 81 years old.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

No other medicine for Woman's ills in the world has received such wide-spread and unqualified endorsement as has Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

No other medicine has such a record of success for woman's diseases, or such hosts of grateful friends as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been the standard remedy for feminine ills, inflammation, ulceration, and consequent Spinal Weakness.

It has relieved more cases of Backache and Local Weakness than any other one remedy. It dissolves and expels tumors in an early stage of development.

Irregularities and periodic pains, Weakness of the Stomach, Indigestion, Bloating, Nervous Prostration, Headache, General Debility, quickly yield to it; also deranged organs, causing pain, dragging sensations and backache. Under all circumstances it acts in harmony with the female system.

It removes that wearing feeling, extreme lassitude, "don't care" and "want-to-be-left-alone" feeling, excitability, irritability, nervousness, dizziness, faintness, sleeplessness, flatulency, melancholy or the "blues." These are indications of Feminine disorders, which this medicine overcomes as well as slight derangement of the Kidneys of either sex.

Women who are sick and want to get well should refuse to accept any substitute for Lydia E. Pinkham's Vegetable Compound.

IN MEMORIAM.

The many friends of Mrs. Lucretia Taylor Cartmell were pained to learn of her sudden death, and while we feel our incompetency to do justice to the character of this worthy Christian woman, it is a comfort to offer a brief tribute, imperfect though it be, to the memory of one whose death has saddened the hearts of those who knew and loved her best, illustrating with a constancy seldom equaled, the rarest and sweetest of the Christian graces. Mrs. Cartmell had a singular charm of manner about her, and retiring and distrustful of self almost to a fault. The kingdom of God in her heart came not with observation; she imbibed, in a large measure, the spirit of Him who was meek and lowly in heart, and her life was consecrated to works of faith and labors of love. Self was forgotten in the desire to do good unto all as she had opportunity, and her labor was not in vain. Hers was a charity out of a pure heart, and the tears shed as we laid to rest all that Heaven did not need of this most excellent woman, told how deeply she was loved. The funeral services were simple and impressive, as she would have desired, and the lovely fragrance of the wealth of flowers sent by sorrowing hearts was symbolical of the pure soul within. Death to her had no terrors and coming suddenly found her ready. Her life had been well spent, and peacefully and sweetly she breathed her life away and her soul passed on to the bright light of a better world "to see those angel faces smile, which she had loved long since and lost awhile." "Blest are the dead who die in the Lord"

SHAM BALLOT

Yesterday at Frankfort. Tacit Agreement That Senatorial Contest Bide Time.

Some Good Bills Edging Their Way Through

The ballot for U. S. Senator in the Legislature at Frankfort yesterday was merely an empty formality as the vote in joint session of the two houses was perfunctory and meaningless.

The lawmakers are resting on their oars and there seems to be an understanding that the Senatorial matter will be held up for the present and it is not probable that any definite action will be taken toward the actual election of a Senator.

FRANKFORT, Ky., February 24.—Governor Willson sent to the Senate this morning a communication designating the list of State offices which he considers "useless," in response to Senator Newman's resolution of several weeks ago. Among those enumerated as such by the Executive are the Prison Commissioners, the Board of Control, the Commissioner of the Court of Appeals and the Secretary of the State Fair.

The Senate was the busiest place in the State House today, passing upon much important legislation. In the afternoon the Senate by a vote of 31 to 4 passed the bill introduced by Senator Joe Bosworth appropriating the sum of \$400,000 for the completion of the new Capitol.

Mr. John Taylor, one of Maysville's leading colored citizens, has been sick for the past two weeks with the grip.

The attraction at the Washington theater last night was the pretty drama of "Tempest and Sunshine." It was pleasing to the audience generally, but the hypercritical said it was the worst ever. Whenever nature talks the people listen, whether it is at a 25c show or a \$2 show. Last evening there was a very good sized audience out and the generous applause and the riveted attention surely were indications that the little drama was well-received and appreciated. Mrs. Holmes' novel is a book of wide popularity and the play is sure to please with its naturalness, as it did last night.

If you suffer from backache—
From urinary disorders—
From any disease of the kidneys,
Be cured to stay cured.
Doan's Kidney Pills make lasting cures.
Maysville people testify.
Here's one case of it.

A. W. McClanahan of A. W. and B. P. McClanahan, grocers, at 121 Second street, Maysville, Ky., says:

"I can endorse Doan's Kidney Pills more heartily today than I did five years ago when I told the Maysville people that this medicine had cured me of severe kidney trouble and backache that had bothered me for twenty years and seemed to be growing worse and worse all the time. I repeat that I can more confidently recommend Doan's Kidney Pills, which I procured at J. Jas. Wood & Son's Drugstore, today than I did in my former testimonial because my cure has been permanent and I have had no kidney trouble for nearly five years. As proof that I am a firm believer in Doan's Kidney Pills I will be only too pleased to reiterate the above to any one who may inquire."

For sale by all dealers. Price 50 cents a box; Foster-McBarn Co., Buffalo, N. Y., sole agents for the United States.

STOP THE GRIP AS SOON AS IT STARTS.

There is no longer any doubt, we think, that grip, ordinary colds and other affections of the throat and air passages can usually be stopped in the start if the right measures are taken.
No one can question the importance of stopping these ailments; life itself may be the penalty for not doing so.

CHENOWETH'S COLD CURE

Is a remedy that, taken promptly, will, in nearly every case, stop these affections before they get a firm hold; and in any case the remedy will always hasten the cure.

The remedy should be kept on hand in every home for immediate use when the symptoms of a cold appear.

The Tobacco Question.

Equity Grower Refutes the Recent Statement of Extensive Profits Raising the Weed.

To the Editor of The Public Ledger: That the "fascinating romance" purporting to come from the December issue of The Crop Reporter, published in The Commercial Tribune February 23, and copied in THE PUBLIC LEDGER February 14th, has not before this date called out a corrective statement from some alert farmer, is a matter of much surprise. I should be glad if you could allow space to reprint it in the same type as the original. The type shows where the writer wished to place the emphasis and the purpose and intent of the article.

The Tribune writer saved himself from distinguished membership in the Ananias Club by admitting at the outset that he was writing "romance"; yes, "something far beyond the romantic." When he makes the Department of Agriculture say that an acre of tobacco yields \$90.80 net and prints it in large type, he is just "playing" tend like it does not cost anything to raise an acre of tobacco.

Ones at a glance that \$90.80 amounting to 10.2 cents per pound amounts to \$90.78 gross and not \$90.80 net. Unwilling to believe that the Department of Agriculture had made the mistake of publishing a gross yield for a net yield, I wrote to the Department and have received a copy of the December 1907 issue of The Crop Reporter. Of course it says nothing about net yields. It is wise enough to know that the net yield will vary with the cost of production to each individual grower.

I do not know of any other business man of whom the public demands that he shall append before it a detailed statement of the costs of his business in order that the public may

to it that he does not place too high a price upon his wares. But since the farmer is being held to such strict account, I submit the statement of one farmer as to what it costs to raise an acre of tobacco, taking the average yield at 890 pounds per acre as given by The Crop Reporter; though I believe 890 pounds is a high average. The Tribune article failed to note that the average price, 10.2 cents, given by the Crop Reporter for 1907 up to December is the result of the Society of Equity as against the average of 6 1/2 cents Trust price. Since one man can cultivate on fairly level ground, five acres of tobacco, I give the estimate on the cost of five acres.

COST OF GROWING FIVE ACRES OF TOBACCO

On fairly level ground, allowing 50 cents per day for 1-horse team, \$1 per day for 2-horse team, and \$1 per day for the man's wages out of which to board himself and provide for his family.

Burning and sowing plant bed, 2 men 2 days	4 00
Breaking ground, 3 1/2 days, man and 2 horses	7 00
Harrowing ground, 2 days, man and 2 horses	4 00
Laying off ground, 1 day, man and 1 horse	1 50
Weeding plant bed, 2 days, man	2 00
Drawing and setting plants, 10 days, 1 man	10 00
Plowing 3 times, 6 1/2 days, man and 1 horse	9 75

FIGURES TOO CONSERVATIVE, BELOW COST.

Every tobacco grower will see that these figures err on the side of conservatism. As a matter of fact one man does not attempt, unaided, to set out five acres of tobacco. He could probably do it if he had a ten days' season; but we all know one rain does not keep the ground for ten days wet enough to plant tobacco. The facts are that he puts his wife and children to drudging, and hires men at high prices to help him set, thus adding to the cost. These figures further suppose that the weather permits the man to work all day and every day. He really loses parts of many days and many consecutive days because of rains, when the weeds and suckers, worms and tops get so ahead of him that he has to hire help at any price he can choose to ask, sometimes as high as \$3 per day, rarely below \$1.50. Cutting and housing are always times of rush to avoid frost, and again high priced help must be secured.

All these items materially increase the cost; but they are difficult to include in a statement because they vary with the season and the supply of labor. This cost also supposes fairly level ground. On steep, hilly, rocky ground one man can not take care of more than 4 acres and the yield per acre will be below 890 pounds.

The tenant's profits on wheat and hay for 34 1/2 days work are \$400 37. Besides he has pasture in the fall after cutting his wheat, spring meadow pasture and fall pasture after cutting his hay. Tobacco land yields nothing after the crop is cut until harvest the following year. After doing the work in his hay and wheat, the tenant has left of his 123 days, 6 1/2 days in which he can cultivate 15 or 16 acres of corn, which even at the low average of 28 1/2 bushels given by the Crop Reporter, will make him for his half about \$55.50 above his \$1 per day wages. Land that will yield only 23 1/2 bushels of corn to the acre would not yield 100 pounds of tobacco, so that \$55.50 for the tenant's profit from half the corn is a very low estimate.

At Trust prices, when he gave half, the tenant not only made nothing above wages, but he made less than \$1 per day wages. At Equity prices (10.2 cents) he made above wages for 123 days work on his 5 acres \$79.20 as against \$455.87 for 123 days work in hay, wheat and corn. There is much to be taken into consideration in comparing tobacco with other crops. If a farmer had enough land, the same amount of work that he puts on tobacco would make him more in other crops. For this reason in states where land is comparatively cheap and labor high, tobacco will not displace the cereal crops.

The tobacco grower burns and sows his plant bed in the fall of February or March, he sets out his crop in the mud in May, he suckers, worms and tops it when it drenches his clothing. He drills wheat and timothy in the pleasant autumn days, drives a twice binder or a mowing machine in June and threshing, the only unpleasant work he hires done and it is soon over. Then must be thinned, plowed four or five times and then laid by until time for cutting. Wheat, hay, oats and barley after seeding grow as well while the farmer sleeps or attends to other business as if he were watching them. He can not hasten their growth by attention nor retard it by neglect. But every day that he is not at work in his tobacco, weeds grow, suckers grow, worms grow and tops grow to the destruction of his crop.

How account for this romance? How is the Tribune romance just at this juncture to be accounted for? It was written either by one who is interested in tobacco or a disinterested student of public documents. A man with sufficient intelligence to take a disinterested interest in such matters would have too much intelligence to mistake a gross return for a net profit, or without taking account of time and labor and drain on soil to compare the profits from an acre of tobacco with the profits of an acre of wheat, bay, corn, oats or barley. An interested man would know the business well enough not to make the mistake. Is then the charge of a "subsidized press" here sustained? Is not this clearly an effort of the Trust or its friends to injure the Society of Equity? Must the publications of the Department of Agriculture, which is supposed to exist to advance the farmers' interests, be used either by ignorance or willful misrepresentation to his hurt?

This question, with The Tribune article, and a statement of the costs of raising tobacco, as here given, I addressed to headquarters at Washington and immediately received a reply from the Acting Attorney General saying: "Your letter, together with enclosures, has been sent to James C. McInerney, special counsel for the Government at New York City, having charge of the Tobacco Trust prosecutions. I thank you for the information contained in your letter, &c."

Farmers, we cannot afford to be lethargic and indifferent while the enemy is alive and alert. Watch the corners. Push your case? That Tribune article will convince no one. Few that the farmers are rolling in luxury second only to the Trust itself, that they are making a fuss about nothing, and have no care. You do not have to submit to misrepresentation with your mouths closed. Very truly yours,

The readers of this paper will be pleased to learn that there is at least one discredited disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure has taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. DO NOT KNOW WHAT CAUSES SICKNESS

Modern People Have Many Names for Same Diseases, According to New Belief.

Does human health depend on one organ alone? This question is becoming widely discussed since L. T. Cooper first advanced his theory that the stomach is the true seat of life and all health dependent upon it. Mr. Cooper, who has met with remarkable success in the sale of his new medicine, believes that the stomach is responsible for most sickness, and that this organ is weak in the present generation. While discussing this theory recently, he said: "I am asked time and again to tell why my medicine has made such a record wherever I have introduced it. My answer always is, 'because it restores the stomach to a normal condition.' No one will deny that today there are more half-sick men and women than ever before. Nothing critical seems to be the matter with them. They are just half-sick most of the time. They don't know really what is the matter with them. I have talked with thousands during the past two years, and few knew indeed what their trouble was. One said nervousness, another said kidney trouble, another liver complaint, some constipation, or heart trouble, or lung trouble. Many had treated, as they called it, for most of these diseases at different times. A very common complaint is 'all run down,' or 'tired all the time,' or 'no appetite.'"

"I know positively that every bit of this chronic ill health is caused by stomach trouble, and nothing else. My New Discovery puts the stomach in sound condition in about six weeks. Mighty few people can be sick with a sound digestion. That is why my medicine is selling at such a tremendous rate. I have convinced many thousands of people that these things are so, and the number is growing by leaps and bounds."

Among more recent converts to Mr. Cooper's beliefs is Mr. Edgar L. Hinds, living at 6 Tappan Street, Everett, Mass. Mr. Hinds has this to say on the subject:

"I have suffered with stomach trouble for eight years. I was not sick enough to be in bed, but just felt bad all the time. My greatest trouble was that I always felt tired, would get up in the morning feeling as tired as when I went to bed."

"I had a very irregular appetite, and was troubled with dizzy spells. If I stood for any length of time, I would have a dull pain in the lower part of my back. I was nervous and felt all the time as though something terrible was going to happen. I tried many kinds of medicine, but nothing ever helped me."

"I had about given up all hope of ever being in good health again, when I heard so much of Cooper and decided to try his medicine. I took one bottle of his New Discovery and was greatly surprised at the result. I gained 12 pounds in a few weeks. I can now eat anything I wish, and feel like a new man. I cheerfully recommend this medicine to all sufferers from stomach trouble."

It is worth anyone's time, who is not enjoying good health, to learn of Mr. Cooper's wonderful preparations. We are selling them in large quantities.

BAGGAGE ROOM ROBBED

"Tempest and Sunshine" Company Have Trunks Stolen and Rifled—Kid Burglars Captured

The C and O baggage room at West End passenger depot was broken into some time last night and six trunks and several valises of the "Tempest and Sunshine" Company, which appeared at Washington Opera-house last evening, were broken open and contents scattered over the floor.

The matter was placed in the hands of Chief of Police Ort and that ever-ready officer soon had under arrest two lads who gave their names as Theodore Parks and Joseph Northcutt, aged about 16, and both of Covington.

Several valises were found in an empty box-car where the thieves had placed them, expecting to make their escape with the booty in that manner.

After undergoing a sweating process young Parks confessed to Chief Ort that they did the job, having come up on a freight train last night from Covington and expected to make good their escape and return home later on a down freight with the swag.

With the exception of articles being soiled by scattering on the floor and a few missing trinkets, the stolen goods were all returned. Whatever damage there may be, of course, Captain Wikoff will see that it is made good.

The boys were placed in jail to await a farther examination.

WAS DELIRIOUS WITH ECZEMA

On Chest, Back, and Head—Pain, Heat, and Tingling Were Excruciating—Nerves in Exhausted Condition—Sleep Badly Broken.

CURE BY CUTICURA SEEMED LIKE MAGIC

"Words cannot express the gratitude I feel for what Cuticura Remedies have done for my daughter, Adelaide. She is fifteen years of age, and had never had anything the matter with her skin until four months ago, when an eruption broke out on her chest. The first symptom was a redness, and then followed thickening and blisters, which would break and run matter. I took her to a doctor, and he pronounced it to be eczema of a very bad form. He treated her, but instead of being checked, the disease spread. It showed itself on her back, and then quickly spread upwards until the whole of her head was affected, and all her hair had to be cut off. The pain she suffered was excruciating, and what with that and the heat and tingling her life was almost unbearable. She became run down in health, and at times was very feverish, languid, and drowsy, and occasionally she was delirious. Her nerves were in such a low state that she could not bear to be left alone. In spite of the cold weather she would insist on having her bedroom window open, and would lean out on the window-sill. She did not have a proper hour's sleep for many nights. The second doctor we tried afforded her just as little relief as the first, and I really do not know what we should have done if we had not read how Cuticura cured a similar case. I purchased Cuticura Soap, Cuticura Ointment, and Cuticura Pills, and before the ointment was three-quarters finished every trace of the disease was gone. It really seemed like magic. Her hair is coming on nicely, and I still apply the Cuticura Ointment as I find it increases the growth wonderfully. Mrs. T. W. Hyde, 1, Ongar Place, Brentwood, Essex, England, Mar. 8, 1907."

George Kelley of Lewis county has been giving this town the go by for the past thirteen months on account of a charge pending at Police Headquarters against him. George, thinking the old score had been forgotten, came to the city yesterday and about the first man he bumped into was Policeman John Bradford, who yanked him to headquarters for a private session with his old friend, Chief Harry A. Ort.

STORE ROBBED

According to Warning—But Little Safe Withstood Attack of Amateurs

The country store of George & Co. at Covada, Lewis county, was broken into and robbed Saturday night by amateurs, who couldn't even open the little safe.

The crackmen took the safe out of the store and hammered at it and rolled it down the mountain side but it wouldn't open, and it was found intact the next morning. A lot of groceries and merchandise was secured.

Captain William Rosser and Tom Sullivan went up with the blood hounds Sunday morning and the dogs trailed the robbers several miles to the mountains, but no capture has yet resulted.

It is said that on February 21 a tramp called at George's store and told him that his store would be robbed, but George only laughed at him.

The store was on the farm of H. Sam True of Dover and was formerly the Long Poultry farm.
